0. Implementation status (current)

Area	Status
Marketing site (Home, Practice Areas, About, Contact)	Live in app
Contact chambers map	Implemented (Google Maps embed + open-in-Maps link)
Tools hub + drafting portal shell	Implemented
Portal law-field search	Implemented (sidebar search across practice areas + tools)
Criminal Trial Referencer	Implemented (Prisma + admin CRUD)
Criminal Applications Writer	25 modules (live preview + .docx via API)
Civil / Family / Revenue writers	Implemented
Family templates on disk	6 locked templates (+ maintenance-only UI type)
FBR / SECP Practice Hub	Implemented (checklists + links)
Lead capture + usage logs	Implemented
Admin (/admin)	Implemented (session cookie)
Writer API	POST /api/v1/writer/generate (docx / json)

This document is the saved complete plan for the firm website and drafting tools. It reflects what is built in the codebase, not only the original v1 sketch.

---

1. Goal

Public website for the firm plus freely usable drafting tools for criminal, civil, family, and revenue matters, plus an FBR / SECP practice guide hub.

- Anyone who visits or uses a tool: name, phone, email saved in Administration.
- Drafts: live HTML petition preview + browser Print / Save as PDF; criminal modules also download court-style .docx.
- Tax/corporate modules = checklists + official portal links only (no IRIS/eZfile login from this site).
- Disclaimer on all tools: assistance only; filing remains advocate/user responsibility.

---

2. Tech stack

Layer | Choice
Frontend | Next.js 15 (App Router) + React 19 + TypeScript + Tailwind CSS 4
Database | SQLite via Prisma (leads, usage logs, referencer content)
Admin | Password-protected /admin (HMAC session cookie waris_admin_session)
Criminal output | HTML preview + docx package ? .docx download
Print | HTML petition preview + browser Print / Save as PDF
Docx seed script | npm run generate:criminal-docx ? scripts/generate-criminal-docx.mjs

Admin password note

- Env var: ADMIN_PASSWORD
- Default fallback if unset: waris-admin-2026 (see lib/auth.ts)
- Change via .env for production; do not commit real secrets.

---

---

4. Drafting portal (UI)

Implemented as DraftingPortalShell around tools pages:

- Portal search: sidebar search bar (PortalSearch + portalSearchCatalog) across practice areas, criminal/family/civil/revenue modules, and FBR/SECP guides
- Criminal primary nav: FIR Direction (22-A/B), Bail (497/498), Superdari (516-A), Attendance exemption
- Criminal more: full remaining module list (491-552, NBW, appeals, ID parade, habeas, etc.)
- Family primary: Khula, Dower & maintenance, Dowry + Annexure-B, Custody, Restitution, Maintenance only
- Other tools: Referencer, Civil, Revenue, FBR/SECP
- Deep links use query ?type= on criminal and family writers
- Module-specific forms via criminalModuleMeta + CriminalModuleForm / PortalFormShell
- Lead gate before first tool use (LeadGate)
- Contact map: OfficeMap embeds Quaid-E-Azam Block / District Courts pin (firm.officeLocation)

---

5. Lead / Administration

Capture fields: Full name, phone, email (+ optional city / matter type)
When: Contact form + before first tool use
Log: Timestamp, tool used, draft/application type
Access: /admin only (password session; see ?2)

---

6. Tool 1 -- Criminal Trial Referencer

Searchable index with filters:

- Categories: trial stage, CrPC/PPC section, case law, checklist, timeline, citation
- Search: title, section number, keywords, notes
- Detail: short note, related sections, practical checklist
- Seed: investigation ? challan ? charge ? evidence ? 249-A / 265-K / judgment
- Admin can add / edit / delete entries (/api/admin/referencer)

---

7. Tool 2 -- Criminal Applications Writer (25 modules)

Flow: Select type (?type= or dropdown) ? lead fields (if needed) ? module form ? live preview ? Generate .docx (POST /api/v1/writer/generate) and/or Print / PDF ? usage log

Offense law dropdown (where relevant): PPC | EMO | AMLA | CNSA | Other

Default grounds for 249-A / 265-K:

1. Groundless charge at any stage of trial
2. Lack of incriminating material on record
3. Zero probability of ultimate conviction

7.1 Full module list (`criminalAppOptions`)

---

12. Design direction

- Professional Pakistan district-court firm look
- Deep navy + warm paper-tone petition areas
- Serif court headings
- Brand-first hero (firm / advocate name dominant)
- Tools hub + drafting portal grouped: Criminal | Family | Civil-Revenue | Tax-Corporate
- First viewport: brand, one headline, one supporting line, CTA group, one dominant visual -- not a dashboard of cards

---

13. Implementation phases (historical ? done)

1. Scaffold + firm contact config -- done
2. Marketing pages + lead capture -- done
3. Admin (login, leads, usage, CRUD) -- done
4. Criminal Trial Referencer + Criminal Applications Writer (expanded to 25) -- done
5. Civil Suit Writer -- done
6. Family Suit Writer (5 + Annexure-B + maintenance-only) -- done
7. Revenue Applications Writer -- done
8. FBR / SECP Practice Hub -- done
9. Polish (portal shell, module forms, .docx API, WhatsApp links) -- in place / ongoing

---

14. Out of scope (still)

- Login or filing on IRIS / eZfile from this website
- Online payments
- Client case file management
- Full Urdu RTL petitions

- AI free-form drafting
- Multi-advocate accounts
- Auto court-fee / stamp-duty calculation

---
